	3 Dick Myatt	S							√						

Results compiled by Terence Russell

GNF - Normal course run at Wednesday night league

Planners comments : Rob McKenna

I hope everyone enjoyed their run. The original concept was to keep the courses short, fast and technically not too hard. Unfortunately the vegetation shot up over the last few weeks which made the going a bit slower. I thought that the rules were fairly straight forward and while a handicap may have evened up who would have won, I felt that giving everybody the chance to have a good run seemed better. In the end the results have been compiled by scoring for every course done and is really only a record of what happened on the night. The idea of having two running was threefold - firstly to give one runner a breather, secondly to allow for some tactical thought and lastly to add excitement and confusion. I think this seemed to work quite well, but I hadn't anticipated that I would get caught up in the confusion over who had done what. Many thanks to Grahame Rose who stepped in to take control of the leader board and to Eileen Morgan who helped out at change over. Apologies to anybody inconvenienced by the omission of kite numbers on course 7 and the loss of punches at control 3.

The barbecue was organised by the Rose family and seemed to go down quite well - thanks to Eric Stamp for arranging with the Friends of Chopwell and the Forest Enterprise for the use of the classroom area.
