### **NEOA Colour Award Scheme**

Members of NEOA may purchase the relevent colour badge on completion of three NEOA events (one may be from outside the area), finishing above the colour line.

For further details, contact Margaret Crosby,

Email: nsoa@hotmail.co.uk

### The Navigation Challenge

BO members are eligible for a Navigation Challenge certificate after successfully completing 3 colour coded courses at the same Technical Difficulty (TD) standard. The certificates are 'star' based e.g. 1 star for TD 1 up to 5 Star for TD 5.

# The Racing Challenge

BO members are also eligible for a Racing Challenge certificate after successfully completing 3 colour coded courses (of the same TD) within the following times.

Gold award - Participants time < Course length (km) x 12.5 mins Silver award - Participants time < Course length (km) x 15 mins Bronze award - Participants time < Course length (km) x 20 mins

### **Receiving Your Certificate**

The certificates will be automatically generated via the results that clubs have uploaded into the BO website. They will be available for you to download via the members area of the BO website.

### Officials:

Organiser - Gary Russell Planner - Rob McKenna Controller - Julian Warren (NN)

### Planner's comments - Rob McKenna

Many thanks for all turning up on what turned out to be a fairly nice day for the time of the year.

I hope you enjoyed the challenges I set you, although looking at the times some seem to be a bit over long, particularly the L.Green, Green and Blue. I am not sure what the reason was for this as on paper the courses seemed to look OK - was it the terrain or maybe my familiarity with it?

However there was a problem with the map at control 64 (on Green, Blue and S.Brown). The line of pits on the ground may have been slightly further down the slope which was quite steep and some of the pits were really not recognisable as such. I thought that I positioned the control fairly, but some competitors did have a problem here and I am sorry for that. There was one other control that caused problems that was control 41 (again on Green, Blue and S.Brown) which unfortunately I set the control in the wrong place, some 20m to the east, but Julian Warren (controller) spotted this and correctly repositioned it. For some reason it was reported that the control had ended up flat on the forest floor making it very difficult to spot so sorry.

The personal punch system may be a novelty to some and difficult to get used to in this day of electronics, but on this area it is almost a necessity. I have been very generous when checking the control cards but if you do have a grievance then please let me know.
