10.	F.Berney	M15	NO	105.52	140.59 (35.07)	retired	

Organiser's comments - Geoff Hewitson

Since this was my first event as organiser, the dreadful weather which dominated the early part of the registration period was most annoying, since I am sure this was one of the main reasons for the relatively small turn-out.

I would like to thank the hardy souls who did battle with the elements and the courses, and also thank the members of Northern Navigators who acted as helpers on the day.
