#### **Organisers comments** – Elizabeth Hale and David Gosling

We were very pleased that the day passed well from our point of view and this was certainly helped by the sun shining on us. We were particularly happy to see so many little 'orienteers' going round the Mr.Men string course. We were also most heartened at the end of the day when everyone had left, to find the parking field completely free from litter. You might have noticed that the finish was moved a little further into the forest – sorry, but up to midday on the day, a huge great log-moving juggernaut was making map corrections to the forest! I am forever amazed at how many man-hours and woman-hours, as well as miles travelled, goes into the making of a mere few hours competition. The usual sincere thanks to those who made the event possible and to everyone who helped on the day. Thanks also to Major Warde-Aldham (northern forest and parking fields); Lowther Scott-Harden (southern forest); Mr.A.Milburn (water); Mr.J.Bailey (farm manager); Northumbria Police; St.John's Ambulance.

#### **Planners comments** – Malcolm McIvor

In my opinion, Kellas must be the most enjoyable forest for orienteering in the whole of the region, and that goes for the planning too. The three main problems concerning the planning of badge standard courses were the 'speed' of the terrain, the multitude of paths and rides, and the distinct shortage of contour detail and features. My aim was to set courses that tested navigational ability as well as athletic ability, which inevitably meant more controls than usual for most courses, as well as extra distance needed to satisfy recommended winning times. I hope you all found that combination to your liking. The relatively small size of the area meant that the senior courses were shorter than perhaps they should have been, but in view of the fact that it was day 1 of a 2 day event, I'm sure that was probably appreciated. As I have already said, it was a pleasure to plan this event and to work with the controller Martin Green, and organiser Elizabeth Hale, and my thanks to Mr.McDonagh the Forestry Manager for the superb way that he maintains the Kellas plantation. Long may it last.
