## Officials:

Weekend Co-ordinator - John Willis

Day organiser - John Willis

Planner - Patrick Smyth

Controller - John Dixon (NATO/KNOB)

## Controller's comments - John S.Dixon (NATO/KNOB)

I received a written protest about course 6 (classes M35S, M20S, W35L, W20L), after careful consideration and consultation with the organiser, the course was voided. The simple explanation is that course 6 was overprinted after course 4 and the circle for the first control had not been removed from the overprinter. This became the first control for course 6; hence competitors arrived at control 333 on the map but found control 331 on the control description sheet. The underlying problem was a lack of time, which resulted in the event running late. The final straw was when both the planner and myself had an emergency at work during the weeks leading up to the event and we were not able to devote the proper time to the event.
