NEOA Colour Award Scheme

Members of NEOA may purchase the relevant colour badge on completion of three events, finishing above the colour line. For further details, contact Margaret Crosby (0191 2685449)

Co-ordinators comments – Frank Major

The Jubil 'O' weekend was the product of a team effort. As host club, Northern Navigators was privileged to take on the challenge of a weekend to celebrate 25 years of Orienteering since the foundation of the British Orienteering Federation.

The lead time was two years and during that period significant financing problems arose. They were eventually overcome with the generous support of Northumbrian Water Limited who provided a sponsorship package which brought the event budget to a viable position. Working with our kindred clubs, CLOK and NATO, efforts were channelled into ensuring that the weekend would be a memorable one. We hope it was. Those brave enough to have run in the fun event on Saturday were rewarded with weather conditions and a navigational conundrum which must have tested their strength and resolve. All finishers appeared to be wet, happy and bemused.

The National event provided a significant contrast, more the sort of orienteering that we're all used to, requiring less ESP!

We hope that we got it right for you all, judging by the buzz around the finish and in the car parks you were reasonably satisfied.

On behalf of the Event Executive Committee I must record my special thanks to all those NEOA members who assisted so diligently in getting the show on the road.

To our sponsors our special gratitude for their great generosity in enabling us all to enjoy our Silver Jubilee.

Planners comments (senior courses) – Nick Lord

After the poor weather on the Saturday when I was putting out controls (visibility was down to 30m at times) I was disappointed at the clear sky on Sunday morning. The technical challenge was not the same with only pockets of the area being the required grade 5 for technical difficulty. I also slightly under-estimated the fastest running speeds across the open moor and, as a result, most winning times were 10-12% faster than planned. In calculating course lengths notice was taken of the latest BOF guidelines as well as the results of the October Odyssey 1990 day 2 which was also held at Hamsterley. However, most competitors appreciated the fine weather and their comments at the finish suggested that they enjoyed their courses a great deal too.

Finally, my thanks to the controllers who provided so much help during the build up to the event. Through Bill Hodgson's careful scrutiny, in particular, we avoided many potential headaches. I must also thank all those who helped to collect in all the controls afterwards. It took over 9 hours (in the dark by the end!) to put them out and just 3 hours to bring them back.

Planners comments (junior courses) – David Brook

Planning the shorter and less technical courses was limited by the terrain between the start and finish. In retrospect, the steep terrain south of Euden Beck was too rough for W15A/W19B so my apologies to them. Otherwise, most juniors seemed to enjoy the excursion out on the open moorland and winning times were about right.

Controllers comments – Ken Turner

No Adverse comments, it was obvious all along that this was to be a very well organised weekend. It has always been a pleasure to work in the North East region.

Footnote

Chris Bland wishes to thank Audrey Kitchen of Borderliners who gave up her run to rescue him from teh moor after he had damaged a calf muscle. He also thanks Bob Johnson of NN, who not only started him but delivered him to the St.Johns Ambulance Brigade who then ferried him to Bishop Auckland Hospital. Chris is recovering well.

Entries and results

Entries and results processing was performed by Rapid Running Results of Sheffield. We thank John Dyson for his professional approach which also enabled many late entries to be accommodated.

Acknowledgements

Northern Navigators wish to record their grateful thanks to all those organisations who assisted us in many different ways:

Army Cadet Force – Durham Attachment
Durham County Constabulary
Durham County Council
Forest Enterprise
Northumbrian Water Limited
St.Johns Ambulance Brigade
