**Planners comments** - *Rob McKenna*

Many thanks for supporting this event, on what turned out to be a glorious day (unusual for NN of late).

Listening to some of the comments at the finish, it seemed that most people enjoyed the area and the courses.

Winning times appear to be about right, apart from the green course, which seems to be a bit long for those that competed.

The area could never compare to the British Champs in Northern Ireland, but it certainly is a gem to run in - definitely not typical of Kielder forest terrain in general. It's just a pity that it is a bit small for a full colour coded event.

The facilities on offer within the park are excellent and I must extend thanks to Tony Wright from Northumbrian Water for his help both before and during the event.

Thanks also go to Dave Caudwell in taking the time to print off and bag the maps for the day.
