### Controller's comments - Rob McKenna

The event was originally planned to use Hepburn Woods and the north end of Bewick Moor, but during earlier visits it was discovered that the Forestry Commission were in the process of thinning and the woods were not in a good condition so we hurriedly re-planned to use the rough pastures above Bewick Folly and the moorland around Blawearie.

Many thanks to the landowner Mr John Wrangham and family of Harehope Farms. Also to Mr Wilson, for allowing us to use the pastures at a sensitive time of the year with sheep coming in to lamb.

We were rather fortunate with the weather and some commented that it may have been a little too warm - I hope you enjoyed the views across to the Cheviot hills.

The courses were planned to make the best use of the intricate terrain around the old farmstead of Blawearie. This would have been a first time experience for most competitors and I hope you all enjoyed your foray into this delightful, although small area.

There are some restrictions imposed by Natural England on our use of the area with it being designated as an SSSI and also some nesting birds around the Dove Crags area.

Apologies to competitors on the Orange courses whose map showed their first control in the wrong place - the all controls map and course maps had not been synchronised.

Sorry also to Maria Gaines who unfortunately had the rare occurrence of her E-tag failing shortly after her start, but she bravely managed to finish the course and we have given her an approximate time - well done.
