Organiser's comments - Maurice Swales

Thank you all for taking part, it would have been better if there were more participants, but 40 for a night event is quite good. Things appeared to run smoothly and I heard several favourable comments. Our thanks to Jim and Frank (car parking), Ruth (registration), Grahame (start, finish and illuminations), Mick, Liz and Dave (finish).

Handed in - one Silva type 7NL compass (blue markings)
 tel: 01661 843095 to arrange return.

Planner's comments - David and Elizabeth Hale

We aimed to provide a reasonable challenge to the experienced night orienteer, while giving everyone a chance to succeed at their own level. Recent forestry work in the SW block gave us some concerns, not least because the thickets, used as control sites, seemed at one stage likely to disappear. Our thanks to competitors for your friendly comments, to the mapper and controller for their support and to Mick Garratt for collecting the distant controls on the night.

Queries on these results should be directed to Rob McKenna.
