KEY: m - missed, w - wrong, f - found**NEOA Colour Award Scheme**

Members of NEOA may purchase the relevant colour badge on completion of three NEOA events (one may be from outside the area), finishing above the colour line.
For further details, contact : Margaret Crosby (0191 2685449)

Officials:

Organisers - Elisabeth and Dave Hale
Planner - John Willis
Controller - Andrew Philipson (NN)

Co-ordinator's comments - Maurice Swales

It was a severe blow when Flinty Fell became unavailable, cushioned slightly when we were still able to use another new area, but unfortunately not of the technical standard required for a large event. Our gratitude to John and Andrew for having the Edges Green map and event ready 4 weeks earlier than expected. Opinions confirmed our views regarding the difficulty of the area.
My apologies for the confusion over Red course availability.

Organiser's comments - Liz and Dave Hale

Thanks to David Swallow of High Edges Green, Willie Weatherson of Edges Green and John Ewart of Wallshield for kindly allowing us to orienteer over their land.
An orange coloured staple gun was mislaid on day 1 – if anyone knows of its whereabouts could they let me know.

Planner's comments - John Willis

The positive comments from the competitors that I spoke to made all the problems of the past few months seem worthwhile.
Without Andrew Philipson's guidance, effort, dry humour and patience that day would never have been so successful.

Controller's comments - Andrew Philipson

John did a good job fitting the full range of courses into the area, in particular managing to find Yellow and Orange courses that fitted the guidelines fairly well. I only felt that I wanted to amend a few details here and there.
Ten days before the event reports of heavier than expected pre-entries for Green and Blue caused a few changes to avoid common controls between those two courses but John kept cool and coped admirably with these and other last minute pressures.
All the courses were pitched at the top end of the recommended length. Even so, rather more competitors than I might have wished came in faster than the guideline range of times 'for most competitors', but I suspect they mostly felt they had their fill of running by the end and we could so easily have had foul weather which would have slowed everyone considerably.

See Carrs Top results (8th October 1995) for overall placings in the October Odyssey.
