ctrls 1-2 (5pts), ctrls 3-8 (10pts), ctrls 9-12 (15pts), ctrls 13-15 (20pts)
190 max points - 10 point penalty per minute late.

KEY : - f=controls found, w=wrong controls, m=missed controls

NEOA Colour Award Scheme

Members of NEOA may purchase the relevant colour badge on completion of three events, finishing above the colour line (one may be from outside the NEOA area).
For further details, contact Margaret Crosby, tel: 0191 2685449.

Organiser / planner's comments - *Dave Caudwell*

Once again some very long times for many competitors which shows how difficult the terrain is at the Cong Burn. An innovation at the event was the use of an electronic timing system, which seemed to work well. One unexpected problem with the emit system was that, unknown to us, the cards you carried switch themselves off after 2 hours of non use as a battery saving device. This means that the cards wouldn't activate at the finish if you were out for longer than the 2 hours, so an estimate has been made for those competitors.

Another departure from the norm was the use of a score event for Orange standard competitors. The benefit of this was that competitors on this course were not out in the area for along period of time, and if a control was missed by a competitor, they were not disqualified.

My thanks to all Club members who helped on the day, particularly Boris who manned the computer all day.

Many thanks also to Andy Niven of Durham County Council Countryside Section, without whose help and co-operation the event could not have taken place.

Next NN event:

15.02.04 - Kellas, GR NZ005558.
Colour Coded & NEOA League event - Yellow to Brown.
Electronic punching to be used (EPS-SI)
Fees - £3.50 senior, £2 junior.
Organiser - Rob McKenna (0191 4218659)
