Organisers comments – Margaret Knight

What a lovely day! All the anxieties before the event (it would pour all day...no-one would come...or hundreds would turn up and we'd never cope!), all these worries melted away in the sunshine as a steady stream of cars arrived, and the enquiries team swung into action. It was great to see lots of newcomers. Perhaps we would attract even more if the National 'Try Orienteering' weekend was 2 or 3 weeks later, so that school groups could get organised. The results list doesn't show the full number of people who came and took part, as many of the younger competitors had the rest of the family with them (next time lets have more of the girls putting their name on the family control card!). Two enthusiastic youngsters punched extra controls that weren't on their course - this would normally earn disqualification. Thanks go to Simon and Peter for planning and controlling the event, and to all those who came and made it a success – all the competitors and all the helpers. A special word of thanks (or *merci*) to Michel for helping and adding an international flavour to the event, and to those others who didn't wait to be asked but volunteered their help!
