### Organiser's comments - Boris Spence

Many thanks to all who helped make this a successful event. One control was vandalised, but eventually found - apologies to Chris Wright.

### Planner's comments - Julian / Debby Warren

to follow.

### Controller's comments - Rob McKenna

The area was well suited to this type of event and Julian's courses proved a good challenge, although looking at the winning times some courses could have been a bit longer and some a bit shorter - it is difficult to get it absolutely right given the course combinations. It was interesting watching competitors around the Saltwell Towers area where Julian had placed a few controls that really made you think.
