**Organisers comments - R.R. - R.B.H. - S.P.R.**

The event appeared to be quite successful and much of the thanks is due to the Consett & District Golf Club for the use of their course, and to the Local Education Authority for the use of school facilities. Some seventy competitors entered and congratulations are due to T.Radford (UNOC) who completed 'A' course in 49 mins 50 secs; and to Murphy and Robson (Elgin) who completed 'B' course in 51 mins 6 secs.

We felt that the 'A' course was somewhat crowded but we originally expected to use the fields to the west of the golf course. Farmer Evans' bull put paid to this, and we did promise 5km. The split master map resulted from this of course, and perhaps it would have been an improvement to pre-mark the second master map with green and yellow crayon as we had allowed the competitors to do on the first map.

We hope that the 'halfway' times are of value to competitors. One competitor on the 'A' course owes his qualification to the fact that he had a time recorded at control number 6 - otherwise his punch was wrong, conceivably over-punched at the next control.

Finally - the greens were quite intact the next morning. Thanks to all, if not for avoiding them at least for treading softly.
