**Organisers comments** - *Kelvin Wheeler.*

My thanks to all the club members and families who helped and made my job easy on the day. Thanks also to the land owners, Healey Woodlands, for permission to use the area.

Found at the side of the road, was an orienteering shoe, if it is yours, contact myself on 0191 240 2079.

**Planners comments** - *Jem Wilcox.*

This was my first introduction to Broomleyfell and a thoroughly pleasant experience it has been. I hope you enjoyed the woods at 'race' speed as much as I did wandering during my visits.

Usual thanks to all the helpers (no less sincere for being commonplace). Also thanks to all the competitors for choosing to ignore the scare mongering weather forecast and making Broomleyfell such a successful event.

**Controllers comments** - *Maurice Swales.*

Jem's courses seemed well received. Broomleyfell is one of my favourite areas, but unfortunately following some minor damage to a wall at a previous event, we had to employ many crossing points. This affected control descriptions and also reduced the scope for long legs. Congratulations to those of you who could figure out the last control from the course descriptions. Many thanks to those of you who spotted the mistake on the master maps, but who were too kind to inform the controller. The times taken indicate that the yellow and orange courses were too long for several of the participants, but all completed their course, otherwise the times were as BOF guidelines.
