NEOA Colour Award Scheme

Members of NEOA may purchase the relevant colour badgse on completion of three events, finishing above the colour line (one may be from outside the NEOA area).

For further details, contact Margaret Crosby, tel: 0191 2685449.

Split times

9. Bob Cooper

10. John Dixon

disqualified / retired

Patrick Smyth

Graham Capper

Individual split times have been included with these results. A full copy of the all split times is available on the NN website.

A rail copy of the all opin times to available of the rail website.

Officials

Organiser - Boris Spence (01670 8860897)

----- colour line

Planner - Gary Russell

Controller - Rob McKenna (NN)

Computing problems - Rob McKenna

This was my first attempt at running the computing for an SI event on my own and it turned out to be a baptism of fire. Things didn't go too well on the day to say the least and I must thank all competitors for their patience and understanding during these problems.

Firstly, the system was planned to run on a generator with an invertor as a standby, but when the equipment was attached to the generator, the generator seemed to falter and would not run under any load. It turned out that the AC adaptors of both the system laptop computer and the SI splits printer had been damaged making those items of equipment un-usable by an AC supply. Fortunately, the laptop did have an internal battery, which would normally last about 3 hours. This time restraint was cutting it fine to ensure that all competitors would have their E-cards downloaded on the day (given a possible event duration of about 5 hours).

The other drawback was that with no splits printer, no split times could be issued on the day. These ongoing problems and the need to save on laptop battery power meant that competitors were asked to come back and download after they had got changed. Although allowing competitors to start at will, makes the event organisation very flexible from both the clubs and competitors point of view, there is no manual start / finish timing should the system fail and cards have to be downloaded to produce meaningful results. This set up has worked very well in the past and I think that we were just unlucky on the day. Perhaps, next time a full test of all the equipment together might highlight any problems before they arise.

SportIdent is a superb system offering many advantages over the old pin punch type of event. I hope that our problems did not spoil your enjoyment of the event and the superb orienteering challenge that Carrs Top has to offer, particularly at this time of the year.

Controller's comments - Rob McKenna

Gary's courses made good use of what is a superb area to run on. The shorter course are always going to be a problem at Carrs Top, with few line features to navigate by. I hope that the bracken down by the Bollihope Burn didn't prove too challenging for the orange course runners. Times are about as expected and in line with BOF guidelines. However, there were a few problems:

Firstly - control number 3 on the brown (130 Narrow marsh / ditch junction) - this seemed to cause problems to some competitors. When checked, the control was found to be in the correct position, but over the years, the reed grass had made the map slightly inaccurate in that area and depending on how you approached the control, the kite may have been hidden. I felt that some of the criticism was a bit unjustified as the control was on a line feature and there was a good attack / relocation point some 30m south of the control. It was unfortunate that the kite was hung low in this instance.

Secondly - control 138, again on the brown (the SI box had went down and wasn't discovered till the first runners finished). The split times have been re-instated with a null time for that control. Interestingly, there was one competitor who apparently punched the start and finish boxes but no other control in between. His time suggests that he visited all the controls, but what he did, when and if he got there, only he will know.

Next NN Colour coded event:

19.10.03 Hamsterley Forest, (NEOA Galoppen event)

Organiser - tba

Colour Coded - Yellow to brown Fees - £3.50 senior, £2 junior.

This event is to be pre-ceded by the NE Night Championships on 18.10.03, hopefully at the same venue.

Next NN local event:

Chopwell Wood (Come & Try It), 14.9.03

Organiser - Rob McKenna (0191 4219659)

Courses suitable for beginers – probably yellow and orange, with a short score event for the more experienced.

Fees - £1 senior – juniors free.

Meet at the forest classroom.

For details of other future NN events contact: Rob McKenna (0191 4219659), email: robmckenn@aol.com
