GNF Wednesday evening event at  
**Gateshead Riverside Park**  
Wednesday, 25<sup>th</sup> May 1994

**Organiser / planners comments –**

Firstly, please accept my apologies for the obvious shortcomings in the organisation – I had not expected such a large number of entries. Disturbance of controls was always going to be a problem at Gateshead and sure enough several were disturbed. Curiously, when they were collected in at 8.30 every single one was in place within a couple of metres of where it started. Where I know that controls were disturbed I have allowed blank control squares, eg the ruin, but controls 7 & 8 on the medium and long were exactly where I had put them so I have felt obliged to disqualify those who did not find them. If you did not find a control which I do not believe was disturbed then you can take consolation in the fact that most of them were fairly well hidden. This is not something of which I approve in 'normal' orienteering but I am afraid it was a necessity at Gateshead. Congratulations to the majority who managed a full card, often in fast times.
