Organisers comments - Richard Best, Barbara and Ron Lyon

Our thanks must go once again to Major D.J.Warde-Aldham for his permission to use Broomley Fell Plantation and to his staff for their co-operation. Broomley is one of the most pleasant patches of woodland to run through. This fact, coupled with fine weather made for a fine day for beginner and experienced orienteer alike.

The international flavour provided by France and Norway was a welcome addition, although poor M.Attard had to suffer the pangs of being allowed 100 points too many in the provisional results - c'est la vie.

The use of bamboo stakes for markers and punches seems to have been successful, they certainly lighten the load in placing and collecting controls.

Our thanks again to all the noble helpers and to those people offering assistance (about a dozen turned away!) this is really most encouraging and helps lighten the load considerably. Please keep it up.
