I hope you all enjoyed running off the excess of the festive period, although the wet weather would have kept you a little cool and I am sure that some of you got soaked to the bone. It looks like 32 controls may have been a bit too much of a challenge but it allowed you the choice to visit the areas you wished. There were quite a few 'new' control sites used and some were in a quite pleasant part of the forest, but inevitably Chopwell is fraught with brambles if you choose to leave the paths between the controls. The NE corner of the wood was not used this time due to recent forestry works, which had encroached down to the road and left some deep unpleasant extraction lanes.

Thanks to Boris Spence for registration, start and all things EMIT - it's a great system when all goes well. Thanks also to the small band of helpers for staying back to collect the controls - it was much appreciated. Lastly our thanks also go to the Forestry Commission for allowing us to use the woods.

Your amazing generosity managed to raise a sum of £222.61 which will be donated to the Great North Air Ambulance Service.
