NEOA Colour Award Scheme

Members of NEOA may purchase the relevent colour badge on completion of three NEOA events (one may be from outside the area), finishing above the colour line.

For further details, contact Margaret Crosby,

Email: nsoa@hotmail.co.uk

The Navigation Challenge

BO members are eligible for a Navigation Challenge certificate after successfully completing 3 colour coded courses at the same Technical Difficulty (TD) standard. The certificates are 'star' based e.g. 1 star for TD 1 up to 5 Star for TD 5.

The Racing Challenge

BO members are also eligible for a Racing Challenge certificate after successfully completing 3 colour coded courses (of the same TD) within the following times.

Gold award - Participants time < Course length (km) x 12.5 mins Silver award - Participants time < Course length (km) x 15 mins Bronze award - Participants time < Course length (km) x 20 mins

Receiving Your Certificate

The certificates will be automatically generated via the results that clubs have uploaded into the BO website. They will be available for you to download via the members area of the BO website.

Officials

Organiser - Boris Spence Planner - Rob McKenna

Planner's comments - Rob McKenna

What a day and many thanks for all coming and testing your skills against not only the terrain but also the changing weather. Hope you managed to squeeze in your run between the showers, although you would have still had to cope with the strong wind.

I must apologise for a few errors that had crept in during the planning process which did not become apparent till control setting on the morning of the event. It's a bit of a long story but the event was planned for earlier in the year and had to be cancelled due to snow. When re-scheduled it fell into the shooting season which limited our access to the area to check things over. As it turned out the map did not appear to be clear in the area of two controls - 165 (LG + BI), 171 (G, BL + Br). This was a schoolboy error on my part for misinterpreting a spur for a re-entrant on the map. In light of this I tried to place the control in the most visible position from the direction I thought most competitors would approach. I must apologise if you found difficulty with these controls. The majority of competitors were generous with their comments and I do appreciate that, but it was also good to hear other feedback particularly on route choice and how the variability of the heather affected their runs.

Looking at the results and reflecting on comments from competitors it seems that most enjoyed the challenge set, but it seems that the Orange and L.Geen courses found the terrain a bit physical. With the start on the top of the moor, planning for the shorter courses does prove quite a challenge so once into the heather there are few paths or tracks to get onto to ease your way.

It was a bit of a hectic day earlier on as the controls had to be put out on the morning of the event which meant a very early start from Tyneside for me and an even earlier start for Boris - coming from Ellington. Thankfully we managed to get all the controls out before the onset of the first of the heavy showers. However, in the rush to set up registration during one of the early heavy showers it came to light that the tapped route on the Yellow course had not been done and a few early competitors may have struggled without it.

Many thanks to Boris for organising and use of the EMIT equipment; to Phill and Lorraine Batts for registration; to the Hampshire-Wright family for the start; to Bob Cooper, Frank Major and Ross Marshall for parking and lastly all the control collectors.

On leaving the area I noticed that our road signs had fell victim of the high winds and I hope they were there to guide you in but if not, then sorry.

Carole Firth would like to thank the competitor who found and handed in her visor.

Acknowledgements

Many thanks to Bollihope Estates and their Head Gamekeeper, Peter Fawcett for kindly allowing us to use Doctors Gate.
