#### Organisers comments – Boris Spence

Many thanks for all turning up on what turned out to be quite a wet day. Most competitors appeared to enjoy the courses despite the poor weather. Thanks to Mr Famelton, the local farmer for allowing us to use his land at short notice.

#### Planners comments – Rob McKenna

In better weather conditions, Fontburn is a beautiful area to both plan and run on. There is a contrast between the open grassy higher parts and the more intricate stream valley. The map of the area was hurriedly re-drawn for this event and it appears that the magnetic north lines may be out slightly – sorry if this proved a problem. This will be corrected for the next event when the map should be more up to date.
