**Organiser's comments** - Dave Caudwell

My thanks are due to Michelle Leggoe of Sunderland City Council and Gary Haley of The Woodland Trust for permission to use the area, which looked very attractive from the new (to us) car park in the Spring sunshine.

Unfortunately, the good weather also brought out some more unwelcome park users, and one of our control sites was vandalised as a result of this, but I hope that this did not detract from your 'enjoyment' of the event.

Thanks also to whoever found my lost roll of red tape and thoughtfully placed it on the kite cane at 136 broken fence end for me to collect later!
