Officials:

Organiser - Gary Russell Planner - Rob McKenna

Controllers - John Crosby, Patricia Davies (NATO)

Organiser's comments - Gary Russell

This was my first attempt at organising a badge event and I must pass thanks to Rob McKenna for his guidance throughout proceedings.

Many thanks for all turning up and making this event a success in a small way. The weather was favourable on the day, if not a bit too warm for some but it had been hotter the day before when we were control setting.

Thanks to all the club helpers and in particular those that volunteered to help collect controls in after the event.

Special thanks to Boris Spence for providing most of the specialised equipment – tent, generator, walkie-talkies, etc. and for helping to site the stile. Thanks also to Colin Matheson (NATO) for the loan of his computer and to Andrew Nicoll (NATO) for help with the SI equipment.

The parking seemed a bit rough and ready, but this was to try to keep assembly, parking and other amenities as compact as possible.

There were a few complaints about the long walk back to the assembly area from the finish but restrictions imposed on the planner to ensure 'technically correct' courses for the juniors had meant that the start and finish were positioned down the hill as close as possible to suitable line features. Anyway, if it had been at the top by assembly, then this would have meant a run back up the hill instead of a leisurely walk.

Planner's comments - Rob McKenna

This was my first attempt at planning a badge event and my first experience of planning with electronic punching. Someone passed a comment that the courses were 'standard' and not like those planned using this technology.

Bewick Moor is a beautiful area to run round, but does have its restrictions. The lack of suitable line features makes it very difficult to

plan the technically easy courses and worries about the stream crossing, from past events, prompted the warning in the final details. On the day these fears were unfounded and, given past events, I think that you have experienced Bewick Moor at almost its best.

Planning with the SI equipment also had a few slight problems. The NEOA region has 62 boxes, but only 52 of these are usable control boxes as the others are needed for start, finish, clear, check and spares. I had originally planned to use 62 and we had to hire in the extra boxes from Martin Stone.

Siting and collecting in the controls is no longer a one man job as they are a lot heavier and more cumbersome than the traditional control site. The longest courses were planned to reach Blaewearie which is the jewel in the crown at Bewick Moor. I did try to get as many courses as possible this far north, but unfortunately a few of the courses ended only half way up the valley. On reflection these could have been planned to be a bit more interesting.

Standing at the finish and watching competitors coming in, I saw a lot of exhausted bodies. I hope this was due to the close conditions on the day as dehydration seemed to play a big factor in affecting performances.

On the whole, times were about as I had expected, although the low turn out might have kept some of the top runners away.

I did have a few complaints about the gully on course 4 and comments suggested that the area around the gully may have not been mapped correctly. Unfortunately when setting the control I did not approach it the way that competitors did and so did not foresee this problem.

One other complaint received was the blandness and visibility of the some of the final controls on the longer courses. This was a bit unavoidable as these controls were used on some of the shorter courses on their way out.

We had one box that failed (115) and one with a dodgy beeper (137) I'm sorry if this inconvenienced anybody.

Acknowledgements

Many thanks to the landowner - Mr John Wrangham and family of Harehope Farms and Phil Harkness, farm manager. Also to Martin Robison, shepherd.

Next NN event

11.06.03 Herrington Country Park (GNF league)
 28.06.03 Bishop Auckland Park
 Ltd colour coded
 See enclosed flier for details.

Future NN events

20.07.03	Carrs Top (CC and NEOA Galoppen)
15.09.03	Chopwell Wood (CATI)
18.10.03	Hamsterley (NE Night Champs)
19.10.03	Hamsterley (CC and NEOA Galoppen)
26.12.03	Chopwell Wood (Charity Score event)
