**Organiser / planner's comments** - *Dave Caudwell*

My thanks are due to Angela Etherington of Sunderland City Council and Gary Haley of The Woodland Trust for permission to use the area.

So, what do you prefer? Warm and sunny weather with the local feral youth out in force (as last year), or the hour long 'heavy shower' which kept them away, except in one underpass on the long course, where they seemed very helpful (this year). Even the nearby control was still intact when I collected it at 9.15 pm. I tried to make the courses less technical this year, did anybody notice?

The next NN GNF event is at Carley Hill, Sunderland on Wednesday 19.05.04. This is an interesting new area with lots of big crags and high hills in an old quarry, some of which has been reclaimed and landscaped. Registration 1800-1900. The grid ref of the car park is NZ 388600, and can only be approached from the A184/A1018 roundabout.
