Organisers comments - R.H., R.M.

We would like to thank all of you for coming to this event on what turned out to be a really mild day for December in the north east. The courses all seemed to provide a fair challenge to competitors as did some of the mud banks in the wood. We had hoped to include the area of woodland in the S.W. section of the map but permission was not given by the Forestry Commission. However the careful use of the small area available did show that large forests are not essential for all events.

Congratulations are due to the three course winners and also to the large number of novices, first timers and family groups who completed the courses correctly. The team combinations provided some close results even though some people did not know that they were in a team.

Thanks are due to Blaydon Urban District Council and Durham County Council for permission to use these woods and to all of the club members, their families and friends who turned out to help.

A special thank you also to Jill Brook and her porter for controlling the event so well.
