Organiser's comments - Frank Major

The role of day Organiser was made much easier because the event area was based solely at Hamsterley Forest, whereas pre the FDM outbreak, Day 2 was planned for Housesteads in Roman Wall country. The only front-of-house problem was related to the untimely delivery of results. This was attributable in the main to a technology failure that prevented us from collating and printing the results of your travails. It is hoped that this gremlin attack will be remedied by investment in new kit and that improvements will follow through in good time.

I extend my thanks to NATO for their assistance and co-operation in not only manning the starts but also with the manual side of the results effort. You experienced Hamsterley at its best and I hope you will regard the terrain as amongst the best on offer in the true North of England.

Dave Caudwell and Boris Spence under the judicious eyes of John Crosby produced a menu of courses that seemed challenge enough for most. I trust that you felt that your journey was worthwhile and we look forward to seeing you at another Northern Navigators event sometime.
