Organiser's comments - Don Smith

My apologies for the delay in producing these results. Firstly for personal reasons, then illness, have eaten into the time I had set aside. The NEOA asked the club to stage the Nights at relatively short notice so we were all under pressure of time, as a result of which one competitor was left without the correct map, which later turned up amongst the leg 2 maps. Please accept our apologies. The removal of the 'marsh' control on Brown only affected six late starters and the placings for the results are not affected. The large turn-out on the Sunday made it all worthwhile. Thank you to all runners, planner, controller and helpers.

Apologies to those on Red whose master maps had a control in the wrong place. I hope it did not spoil your day. I am afraid I checked the first map then the other two from it. All therefore had the same error! All runners punched the same nearby control, so the results are representative, though the colour line is omitted.
