General comments.

Many thanks to Julia Scott and Northumbrian Water for allowing Northern Navigators the opportunity to map this area. The setting up of a permanent orienteering course compliments the already excellent facilities provided by Northumbrian Water at the Leaplish site. Although quite small, it provides a pleasant change from other areas in Kielder with its mixture of deciduous, coniferous and open areas. The park would make an ideal event centre for any future coaching or training weekends, with plenty to entertain you outside of orienteering.
