High tech comes to the summer evening league! Not quite electronic punching or even computerised results, but we do have the 'plastic cup'!

In an attempt to beat vandalism, tonight we are using plastic cups as control markers. Each control site will have a cup hanging from convenient vegetation or from a cane, and will have a letter painted on it. Copy this letter onto your control card in the appropriate box. If the lure of a plastic cup with a hole in the bottom proves too much for the vandals, each control site will also be marked with a piece of tape bearing the same letter.
