Many thanks for supporting this event which, with your amazing generosity managed to raise an astounding **£302** for Durham Food Cycle (www.foodcycle.org.uk/location/durham/).

The event went reasonably smoothly, although registration was again overwhelmed by the number of competitors turning up in a short space of time. Fortunately Boris was able to delay the event, but had to resort to a manual start due to his uncertainty of using the new computer software for a timed start. This all seemed to go well except for two competitors who failed to clear their cards before starting - one of which we managed to recover some information, but the other we couldn't do anything with, sorry.

The rush at registration also meant that some competitor information may not have been recorded correctly. Known BOF members are fairly easy to resolve, but individual competitors are quite difficult, so if you feel that your details are not quite right then let me know.

Following the event, it was reported that some competitors may have ignored the Out of Bounds / Uncrossable Fence notes on the map. Adherence to these are quite important for our future use of the area.

Congratulations to the Wright family for a well planned event and for the Christmas festive fare afterwards. Also well done to Thomas Aspin who managed to visit all the controls and only missed out on one of the wandering bonuses, still with time to spare - oh you be young again.
