36. Joan Hanson	W45	NN		lost card		

\* didn't clear Emitag at start?

Score events - 10 points per control, 10 point penalty for every minute or part of over time.

**NE Score Champions 2016**

Congratulations to the following competitors becoming NE Score Champions for 2016. Certificates will be available shortly.

Open	Kate Hampshire (W45) NN
Veteran (40+)	Kate Hampshire (W45) NN
Super Veteran (55+)	Patricia Davies (W60) NATO
Ultra Veteran (65+)	Helen Rafferty (W70) NATO
Junior (16-)	Saskia Warren (W16) NN
Young Junior (12-)	Maya Hampshire-Wright (W12) NN

Open	Rob Bailey (M55) CLOK
Veteran (40+)	Rob Bailey (M55) CLOK
Super Veteran (55+)	Rob Bailey (M55) CLOK
Ultra Veteran (65+)	David Day (M65) CLOK
Junior (16-)	Ben Sanderson (M10) NATO
Young Junior (12-)	Ben Sanderson (M10) NATO

These positions have been decided in accordance with the NE Score Championship guidelines, see the following document for further details:

[neorienteering.org.uk/docs/NEOA\\_Championship\\_rules.pdf](http://neorienteering.org.uk/docs/NEOA_Championship_rules.pdf)

See also the comments on the results mentioned below.

**NEOA Colour Award Scheme**

Members of NEOA may purchase the relevant colour badge on completion of three NEOA events (one may be from outside the area), finishing above the colour line.

For further details, contact Margaret Crosby,  
Email: [nsoa@hotmail.co.uk](mailto:nsoa@hotmail.co.uk)

**The Navigation Challenge**

BO members are eligible for a Navigation Challenge certificate after successfully completing 3 colour coded courses at the same Technical Difficulty (TD) standard. The certificates are 'star' based e.g. 1 star for TD 1 up to 5 Star for TD 5.

**The Racing Challenge**

BO members are also eligible for a Racing Challenge certificate after successfully completing 3 colour coded courses (of the same TD) within the following times.

- Gold award - Participants time < Course length (km) x 12.5 mins
- Silver award - Participants time < Course length (km) x 15 mins
- Bronze award - Participants time < Course length (km) x 20 mins

**Receiving Your Certificate**

The certificates will be automatically generated via the results that clubs have uploaded into the BO website. They will be available for you to download via the members area of the BO website.

**Officials:**

Organiser - Boris Spence / Julian Warren  
Planner - Rob McKenna  
Controller - Rob McKenna (NN)

**Organiser's comments - Boris Spence / Julian Warren**

Many thanks for all coming and supporting this event on what turned out to be a sublime Autumnal day. We are grateful to Auckland Castle Trust for kindly allowing us to use the area.

**Planner / controller's comments - Rob McKenna**

Here are some provisional comments on the results, which have now been adjusted after examining the splits printouts.

A more comprehensive version of the results can be found by downloading the other results file which will have a copy of both 60 minute maps. The 45 minute Score used the same map as the first part of the 60 minute.

Many competitors appear to have visited controls out of sequence and also a few duplicate controls.

Championship positions will be decided once the results have had a chance to be reviewed by competitors - probably later this week.

It will be unlikely that the winner of the 60 minute event will be able to qualify as Andy did not appear to clear his tag at the start or it wasn't working properly so his timing and number of controls visited is uncertain. Unfortunately, Brendan also had a problem with his tag and although it showed that he did visit 45 controls it is uncertain what order and which controls he did visit when the problem occurred, however his time is accurate.

If you feel aggrieved at any of the decisions I have made then please feel free to contact me and I will review your splits.

Apologies for the problems with the EMIT system, which is normally fairly reliable. We didn't have the computer set up as Boris Spence, who normally looks after EMIT for us, was called away on business.

Many thanks to Phill Batts and Lorraine Porter for standing in with registration and download. Also to Julian Warren acting as on the day organiser. Thanks also to the band of NN club members who help collect the controls.

The planning process evolved after much thought and although the 60 minute part 2 map leaves a bit to be desired there were a few reasons for this. Previous events had shown that the area was very fast with running speeds of about 5 mins/k. Based on this and the fact that the area is fairly small, I felt it necessary to have the 60 minute event split over two maps and initial planning was to have 20 controls on each part. Unfortunately no matter which way I planned it a logical route between the controls could easily be found and would have defeated the object of a score event. In the end I opted for having the 60 minute part 1 the same as the 45 minute, as that map seemed to be a better challenge for most competitors. The controls that were left made up the part 2 map.

This did have an advantage with regard to map printing, as it is always difficult to gauge who will turn up and what course they may enter and as can be seen from the results, many competitors ran a course they shouldn't have (ie with regard to the Championships). This may have been awkward for map numbers, but the fall back plan would be that the 45 minute and 60 minute part maps could in effect be interchangeable.

I hope that you all enjoyed the challenges set as it is a beautiful area and I have had some memorable days there surveying, mapping and planning over the last few weeks.
